

Mountain Biking

Williams Lake and the Cariboo Region is your doorway into the most unique mountain bike experience in North America. With four different communities to choose from, the Cariboo Mountain Bike Consortium has built a riding experience for every style and skill level of rider.

In 2011, the Communities of Williams Lake and Wells anchor the Consortium's portfolio of riding. In Williams Lake you'll discover the Shangri-La of mountain biking with over 400km of single track trails. From the most epic all-mountain singletrack, the most progressive free-riding and some of the most scenic cross-country anywhere in BC, you'll no doubt be in for an experience. In Wells, you'll discover some of the most unique alpine riding anywhere. With the backdrop of the Cariboo Mountains, you'll ride trails that have been around since the gold rush days of the 1800's.

In 2012, 100 Mile House will open a new super-downhill trail to the recently built bike park in the centre of town. Or you'll be able to take the family for an all day ride through the rolling hills of lake country. In Quesnel you'll be able to rip the flow trails of Dragon Mountain through diverse Douglas Fir forests.

Events

You can also plan your trip around the Cariboo Regional Event Circuit. Starting on the May-Long hit the Peel Out Free-ride Event in Williams Lake. In June join us for the Pedal by the Puddle. In August don't miss the Barkerville Boneshaker, and the Seven Summit Race in September. All the information and registration for these events is available at www.ridethecariboo.com.

You've seen it in the magazines and the films, and heard whispers about it for years, but now its time for you to check it out for yourself. Visit www.ridethecariboo.com for all your road trip planning needs. The Consortium is dedicated to working with private landowners and First Nations to create a sustainable and enjoyable mountain bike experience so please respect our environment when you visit. Ride on!
